WASHINGTON COUNTY COURT.

Corlies and Frank Butterfield and C. W.
Harvey have paid the fines and costs as-
signed against them for furnishing intoxi-
cating liquor. Norton and Henderson of the
Nichols hill quartette could not pay and
have gone to jail for fifteen days.
Dick Cilley was rearrested Saturday on a
city court charge of furnishing intoxicating
liquor to Andrew Kennedy. The latter
completed that morning serving a sentence
in county jail for intoxication. He was held
as a witness against Cilley.
The divorce case of Lord and Ford
was heard on Saturday. The parties reside
in Barre. Bill granted for intolerable se-
verity. J. P. Lamson for petitioner.
The court heard one other divorce case
on Saturday. A recess was taken until
Monday afternoon at two o'clock. It is un-
derstood that the bigamy case of State
against J. H. Norton of Watfield will be
tried this week.

A jury was empaneled Monday afternoon
in the case of Capital Granite Company of
Montpelier against Charles G. Gloeckler of
Montpelier, to try a case for a monument.
J. W. Gordon and J. P. Lamson
for plaintiff, F. A. Howland and F. P.
Carleton for defendant.
The cause is against Norton, bigamy,
has been continued.

The case of State against Johnson is as-
signed to follow the one now on trial.
The plaintiff is still putting the evidence
in the case of Capital Granite Company
against Charles G. Gloeckler. The heat in
the court room is something fierce and
both the bar, jurors and court officers alike
suffer. The side judges are discussing the
advantage of equipping the court room
with electric fans as is done at Woodstock,
St. Johnsbury and other places in the State
where June terms of court are held. Never
before has a March term in this county run
into July and the end in not yet in sight.

LETTER TO A. D. FARWELL CO.

Montpelier, Vt.:
Dear Sir: When you see a well-dressed
man, you like to say: "There's a sample of
our clothes. That man is worth two of him-
self as he was when he came to us."

We have the same feeling. Our point on
a house is worth twice as much as old-fash-
ioned painted paint, lead and oil. It looks
the same when first put on. In three months
it doesn't. In three years it decidedly doesn't.
Lead and oil chinks off in three years; it
is considered a first-rate job that lasts three
years.

Devoe lead and zinc is about as good in
three years as it was the day the painter
laid it on.

Zinc is the secret of it; no secret at all. A
good man knows zinc; some mix it
in with their lead. We grind it in; not a
little; good deal.

It's the zinc and grinding that does it.
You can't mix zinc by hand. We grind it
by machinery.

Painters are finding us out, though some
painters are slow.
You know that it pays a good man to
wear good clothes. How many customers
have you that know it.

Yours truly,
F. W. Dwyer & Co.
Abbott & Bailey sell our paints in your
section.

CABOT SMITH.

CABOT, June 29.—The worst thunder
storm that ever visited this section raged
here last evening from 8:30 to 10:30, and
during that time damage was done that will
aggregate several thousand dollars.

Two storms gathered just above the vil-
lage and broke simultaneously, making a
veritable cloud burst. The business part
of Cabot village this morning is strewn
with rocks, dirt, trees, plank and all sorts
of debris.

The brook that runs under the store of
Morris Brothers was a raging torrent. The
bank could not hold and the water sepa-
rated under the Morris Brothers' store
and the water was soon four feet deep in
the main street. The yard of B. G. Rogers
adjoining is covered with two feet of mud
and refuse of all kinds.

The ice house of A. V. Nelson was swept
away and is a total loss. The meadows
of Paul Laine and J. M. Fisher below the vil-
lage that were covered with a heavy crop
of hay were submerged and the hay will be
a total loss.

A large flock of workmen were employed
on Saturday night and Sunday changing
the track of the Barre and electric railroads
at the Dodge bridge crossing. Both lines
are being strengthened at this point. During
Sunday the electric road had to transfer its
passengers at this point as its tracks were
torn up.

Mr. and Mrs. F. A. Howland, Mr. and Mrs.
Henry L. Farwell, Mr. and Mrs. C. O. Ban-
croft, Mrs. J. Edna D. Bailey, Misses Julia
A. Adams, Clara Adams, Mrs. W. H. Wil-
son, R. B. Denny, Paul Dillingham, J. P.
Adams and Ray W. Huse went into
camp at Berlin pond on Saturday for two
weeks or more.

Ernest, son of Dr. C. E. Chandler gave a
brilliant party Saturday afternoon to a
number of his mates. Chaperoned by Mrs.
Chandler the little folks enjoyed a ride
around town, and, later, were treated to
refreshments. The young host's birthday
fell on Sunday this year, necessitating cele-
brating it one day in advance.

Benjamin Roberts has severed his con-
nection with Wilder's orchestra, and will
leave this week for New York, where he
has an engagement with the orchestra at the
Fourteenth street theater, a position he
formerly occupied. Both Mr. and Mrs.
Edward Wheatley, son of Mr. and Mrs. J.
S. Wheatley, who will be an artist, are
their way in Montpelier, who will sincerely
regret their departure.

Hon. Hiram A. Huse left on Monday
to attend the National Librarians' conven-
tion at New York City. He will be accom-
panied by Senator W. P. Dillingham, who is
to visit a sister in Milwaukee. Miss Mary
Macomber, librarian of the Kellogg-Hub-
bard library, left on Tuesday. The Al-
bany, N. Y. join the main excursion for
those who are to attend the convention.

G. H. Wilder has already three applica-
tions for first violin in his orchestra next
season. He will make a careful selection
from the many who have applied. Mr.
Wilder promises that Montpelier shall
have the best orchestra next year that Ver-
mont has ever known. His new violinist
will come from New York or Boston, and
will be at Montpelier by October 1 next.

In the report of the commencement exer-
cises at Norwich University, Montpelier
was very prominently represented by Charles
Edward Wheatley, son of Mr. and Mrs. J.
S. Wheatley. The subject of Major Wheat-
ley's oration, as stated, was "The World's
University—the Old and the New." This
young man graduated with high honors
and his town has pride in him. His ad-
dress was replete with marks of high com-

MONTPELIER AND VICINITY

LOCAL HAPPENINGS.

Mr. and Mrs. John Prentiss of New
York are guests at the Parsonage during the month
of July. The vacation of the Sunday school
will include August also. Rev. J. Edward
Weight is to attend the Harvard Summer
School of Theology, July 2-19, which cov-
ers a course of forty-five lectures on the gen-
eral subject of the Christian Ministers' Re-
lational to Social Questions, and visits to a
number of the proposed and present institu-
tions in Boston and vicinity.

The Gulf House at Williamstown Springs
will continue this summer under the pre-
siership and management of Landford
E. J. Gale. The house is new, one of the
most desirable for summer visit, has all
modern improvements, is well furnished
and well kept. The locality is picturesque,
and Mr. Gale has spared neither labor nor
expense to render it attractive. No more
interesting place in Vermont for a summer
vacation.

vacation.

W. A. Shaw, observer at the Northfield
signal station, furnishes the following me-
teorological summary for the month of
June just closed: Mean temperature, 64°;
highest temperature, 92°; June 28; lowest
temperature, 34°; June 17; total precipita-
tion, 2.97 inches; total movement of wind,
5,680 miles; maximum velocity of wind,
32 miles an hour, June 23; thunder storms,
June 3, 4, 6, 7, 14, 20, 23, 29; number of
clear days 10, partly cloudy days 13, cloudy
days 7.

One of the jurymen on duty at county
court was at the Central Vermont station
today waiting the arrival of his daughter
and a lady friend. When they stepped off
the train the jurymen took his daughter by
the hand and kissed her heartily. Then he
turned and offered the same salute to her
companion, but she drew back with a shy
smile, and still desisted even after he re-
peated the offer with a rougher twinkle.
The tableaux amused those who witnessed
it.

L. M. Hays of Essex Junction was in the
city Tuesday to confer with the band man-
agement in regard to perfecting the arrange-
ments for the proposed street fair. Mr.
Hays was told of the action and propo-
sal of the band in the matter at its meeting
Monday evening, and he was willing to
give the band a portion of the gross gate
receipts of the fair, provided that the band
would raise the \$1500 guarantee fund among
the merchants and work for the interests of
the fair. He said in his opinion the \$1500
would cover the expenses of the fair, in-
cluding in the city lot, erecting booths, em-
ployment of attractions, etc.

The following data for the month of July
covering a period of fourteen years, is fur-
nished by W. A. Shaw, observer at the
Northfield signal station. Mean or normal
temperature, 66°; warmest month in 1887,
with an average of 70°; coldest month in
1891, with an average of 63°; highest tem-
perature, 92°, July 18, 1897; lowest tem-
perature, 34°, July 12, 1897; average monthly
precipitation, 3.61 inches; greatest monthly
precipitation, 8.04 inches in 1897; least
monthly precipitation, 1.30 inches in 1888;
highest velocity of wind, 45 miles an hour,
July 11, 1900; average number of clear days
4, partly cloudy days 16, cloudy days 9.

Paul Durant, formerly of Montpelier but
now living in Essex Junction, is visiting in
the city. He is a young attorney of Colma-
nus, Wis., is visiting in town for a week. He
is connected with a law firm in Milwaukee
and will reside there in the future. Paul
is a member of the "kindergarten" of a gen-
eration rising in this city a dozen years ago, a
merciful little chap of whom something out
of the ordinary was predicted, and this some-
thing is developing, in a very satisfactory
manner, in a successful career in the law.

Paul gets a warm welcome in the city of
his eventual boyhood. That smile which
nature copyrighted abides with him, and
reference to days not so very old and long
yore.

At a meeting of the Montpelier Military
band held on Monday evening it was voted
not to sign the contract to engage in getting
up a street fair for Home Week at
drawn up by Messrs. Hays and McMahon
of Burlington. This contract appears to be
one sided, the band's interest in anything
but the expenses being uncertain.

It was voted, however, that the band pro-
ceed with the fair scheme provided Messrs.
Hays and McMahon would sign a contract
which the band should frame, one of the
stipulations of which should be that the
band should receive two-fifths of the gross
gate receipts and that the merchants con-
tributing the \$1500 guarantee fund should
have no objection to the arrangement.

A competitive examination for the ap-
pointment to the cadetship at the United
States Military Academy at West Point was
held at Burlington on Friday afternoon. As
a result of this examination Representative
D. J. Foster has appointed Paul B. Man-
chester of Pawlet to the cadetship and made
Joseph E. Gee of Ripton, the alternate.
Manchester marked 100 in each of the five
subjects in which he was examined. Mr.
Manchester is a son of Dr. H. E. Manches-
ter of Pawlet. He is pleasantly remem-
bered as one of the pages in the State Sen-
ate in the legislature of 1898. The present
cadet from this district will graduate in
June, 1902, and Mr. Manchester will be re-
ceived on the following July.

FOR THE CIRCUS

Central Vermont Railway Will Sell
Special Round Trip
Tickets.

To accommodate people in Williamstown
Barre, Barre, and the adjoining
country the Central Vermont railway will
sell round trip tickets to Montpelier for
next Friday, July 5,—circus day—at the
following low rates: Williamstown, forty-
five cents; South Barre, thirty cents; Barre,
twenty cents.

Trains will leave the points named at
an hour that will enable all to reach
Montpelier in time to witness the grand
street parade at ten o'clock. The Central
Vermont is the only line that runs direct to
the circus grounds. To see the circus itself
is the opportunity of a lifetime. It gives
the chance to enjoy and profit by a rightly
earned and happy holiday of rest and recre-
ation. For here all the animals and inas-
surable wonders of the world are assembled
in one vast, voluminous, variegated ex-
position which will amuse, entertain and in-
struct, and refresh and relieve from the tes-
tament of toils and wearying of a long
trip for three fold tales of midsummer merriment.
Let the children come and bring all the
old folks.

Berlin.

Charles Kimball has the foundation for his
new store almost completed.
Luke Sherwood who has been sick for sev-
eral weeks, is better.

Arthur Kilham of Boston spent Sunday in
town with his family.

Mrs. S. M. Colby who has been visiting at
the pond went to Fairlee last Wednesday.

Rev. F. M. Chapin of Tien Tien, China, gave
a very interesting account at the church Sun-
day evening.

Several of the schools closed last week for
the summer.

TWO FREE TRIPS

Read, and Work Industrious for
Your Friend, or Yourself.

THE DAILY JOURNAL offers to send two
persons to the Pan-American Exposition
for the space of one week, paying railway
fare, board and lodging at Buffalo and price
of admission to the Exposition. The per-
sons are to be chosen by ballots cast from
copies of the DAILY JOURNAL in accordance
with regulations and under conditions
stated below.

One of the persons to be selected shall be
a woman, the candidates to be taken from
among the teachers in active service in the
public schools of Washington county, or the
clerks, bookkeepers, stenographers, or
young women engaged in similar occu-
pations within the county, the de-
sign being to afford some worthy person in
these occupations an opportunity to see the
world prize to see the great Exposition.

The second person shall be a man, the
candidates to come from the industrial oc-
cupations or trade—mechanists, granite
cutters, carpenters, etc., etc., within the
city of Montpelier.

A ballot will be printed in each issue
of the DAILY JOURNAL, until July 31. Each
ballot will count one vote for the person
whose name is written thereon by the vot-
er; a year's subscription, \$3 in advance,
will be reckoned 300 votes for the candidate
in whose interest it is made; six months,
\$1.50 in advance, 150 votes. A voter may
buy as many copies of any issue as he de-
sires, and each ballot clipped therefrom
will count one vote, or a subscriber may
take as many yearly or half-yearly subscrip-
tions as he wishes and the corresponding
number of votes will be counted for every
year or half-year so paid.

A report of the standing of the vote will
be printed in each issue of the DAILY JOU-
NAL, and after the date of the last publica-
tion of the ballot the final accounting will
be made and the names of the successful
candidates announced.

People who read the VERMONT WATCH-
MAN are interested in this contest. They
have a "natural and unalienable right,"
and express a desire to participate therein.
Accordingly an old subscriber paying ad-
vance—if any—and renewing his subscrip-
tion for a year, will be entitled to 150 votes
for the candidate of his preference; and a
new subscriber for one year will be given
the privilege of registering 150 votes for the
person of his choice. Subscribers may pay
for as many years in advance as they choose
and 150 votes will be reckoned for each
year's subscription. For subscriptions to
the WATCHMAN receipts with a coupon at-
tached will be given. These coupons, prop-
erly filled and forwarded to the WATCHMAN
office, will be entered to the credit of the
candidate whose name is written thereon.

GODDARD SEMINARY.

Good Work Done During the Past
Year. Outlook for the
Future.

The thirty-second year at Goddard Sem-
inary, which closed last Wednesday proved
to be one of the most successful years in its
history. The number of scholars in the fall
was the largest the school ever had and the
number was well maintained during the
remainder of the year.

The class just graduated numbered twenty-
eight, the second largest in the thirty-
two years. The financial condition of the
school as shown at the trustees' meeting is
excellent. Although \$800 had been ex-
pended in repairs during the year, the
school account showed a favorable balance
of \$1,500. Two bequests of \$4,000 each
have been received during the past year, one
from Mrs. Cordelia Shedd of Reading, and
the other from Mrs. Judith Watkins of
Londonderry. These bequests will increase the
permanent fund to \$65,000. The funds are
well invested at a good rate of interest.
The trustees voted to place the securities in
the vault of the National Bank of Barre.

There seems to be a growing interest in
the school and its work and its future looks
very bright. One evidence of this interest
is the addition of local members to the
board of trustees. During the last two
years the following business men have been
added to the board: W. H. Gladding,
George Lamson, B. W. Hooker, Homer
Fitts, Judge A. G. Fay, J. W. Gordon and
N. N. Kenyon, all of Barre, and A. C.
Blanchard of Montpelier. Mr. Gladding,
Mr. Lamson and Mr. Blanchard have been
added to the executive committee, which
has full management of school matters dur-
ing the year.

All the teachers of last year have been
re-engaged and the present board is con-
sidered to be the best the school has ever
known. Besides being strong in the regu-
lar courses the special lines of work have
been the best of teachers. This year five gradu-
ated in the instrumental course and the num-
ber of students has made necessary engaging
an assistant. Miss Ada G. Croft is at the head
of this department, and has done remark-
able work during her two years in the
school. Prof. A. G. Phillips has charge of
the voice work and Miss Madeline Nichols of
the elocution and physical culture. The
school is doing a fine work in its business
course. C. H. Stone has been in charge of
this work since the course was introduced
here, and the success of his paper in office
in Barre and Montpelier testifies to the
quality of the work done. The outlook for
the coming year as regards scholars is very
encouraging.

The Annual Association elected Dr.
Minora S. Marshall of Montpelier trustee
for five years. This is the first time they
have so honored one of the lady alumni.
Five of the first six in scholarship in the
graduating class were from this section.
Katherine Page, Plainfield; Florence Woot-
ter, Marshall; Fred Barnham, Williamstown;
Leon Oiler, North Montpelier; Mar-
cus Waldo, East Calais. Fred Barnham
won the Foster prize scholarship, the fifth
time it has been won in eighteen years.
The winners in the prize speaking were
Gladys Barron of Barre, Webster Lord of
South Woodbury and Adah Edwards of
Richmond.

REASONS FOR INSURANCE.
Expenses eat up wages and
salaries. Year after year the
average man expects to build up
an estate. The usual result is no
provision or only a small one
for wife and children. Life Insur-
ance does the work by easy pay-
ment.
